Saying that it has always been this way, doesn't count as a legitimate justification to why it should stay that way. Teacher and administrators all over the world are doing amazing things, but some of the things we are still doing, despite all the new solutions, research and ideas out there is, to put it mildly, incredible.

The report concludes that the 20 percent who had some journalism involvement during high school scored higher than the other 80 percent. According to Dvorak, this shows conclusively that high school journalism experience translates into better college performance in several key areas, such as the ability to express oneself clearly and reason incisively.
