Long Term Care Survey Process (LTCSP) Procedure Guide

Team building is crucial to the development of effective cancer plans and programmes, and so is a multidisciplinary clinical team for the management of patient diagnosis, treatment and palliative care.

TEAM BUILDING TOOL - WHO

Management by exception or control by exception is an important principle of management control. According to this principle, an attempt to control everything results in controlling nothing. Thus only the important deviations which exceed the prescribed limit should be brought to the notice of management.

Controlling Process in Business Management (5 Steps)
