The Challenge Machinery Company has been an innovator in cutting equipment for almost 150 years. Our achievements include the invention of the original paper cutter in 1887, the first paper drilling machine, the first hydraulic paper cutter, the first programmable paper cutter, and more recently the first fully automated programmable three-knife book trimmer.

## **Challenge Machinery**

Sharp blades allow for precision cutting of 20-lb paper cardstock, construction paper, digital photographs, and more; Features: Titanium Bonded Blades are 3 times harder than stainless steel, so blades stay sharper longer, and swing out 12-inch ruler is flush with base for accurate measuring and cutting of larger pieces.

### **paper trimmer - Staples®**

Using a guillotine paper cutter is pretty easy, although you may have to experiment a bit before you get the results you want. The most important things to remember is to respect your trimmer's cutting capacity and to stay safe by exercising caution and taking advantage of the available safety features.
