The success of A Brief History indicates that there is widespread interest in the big questions like: Where did we come from? And why is the universe the way it is? I have taken the opportunity to update the book and include new theoretical and observational results obtained since the book was first published (on April Fools' Day, 1988).

A Brief History of Time by Stephen Hawking PDF Book

brief but disarmingly tenuous. It is a curious feature of our existence that we come from a planet that is very good at promoting life but even better at extinguishing it. The average species on Earth lasts for only about four million years, so if you wish to be around for billions of years, you must be as fickle as the atoms that made you.

A Brief History of Modern India deals with the events that shaped the happening after the decline of the Mughal empire and the rise of East India Company and the advent of British rule in the country.

A Brief History of Modern India by Rajiv Ahir (Spectrum)

History not only helped shape the present, but it often has an impact on the future. The Crusades of the Middle Ages, for example, still affect relations between Western and some Islamic countries today. This is especially true in many fantasy RPGs, where investigating old ruins is par for the course and technology advances as a snail's pace.
