The Project Gutenberg EBook of A Course of Pure Mathematics, by G. H. (Godfrey Harold) Hardy This eBook is for the use of anyone anywhere at no cost and with ... This PDF file is optimized for screen viewing, but may easily be recompiled for printing. Please consult the preamble of the LATEX source file for instructions.

The Project Gutenberg eBook #38769: A Course of Pure

sciences. The courses aim to introduce students to some of the mathematical methods and concepts that they will find useful in their research. We have sought to enliven the material by integrating the mathematics with its applications. We therefore provide illustrative examples and problems drawn from physics.

Mathematics for Physics - Goldbart: Home Page

a crash course in form of an all-day block course. I have given this course several times since 84/85, with listeners also from other natural sciences and mathematics.
