In the first exhaustive treatment of the field in 20 years, Scott Shane extends the analysis of entrepreneurship by offering an overarching conceptual framework that explains the different parts of the entrepreneurial process – the opportunities, the people who pursue them, the skills and ...

A General Theory of Entrepreneurship

provided a unified theory of lawmaking power. But that did not happen. Erie failed to cover the intellectual ground laid. For Erie to work as a general theory of American lawmaking power, the Erie Court would have had to find a way to embrace federal as well as state law, statutory as well as decisional law, and state as well as federal courts.
