In a few short weeks, I will finally become a doctor. And for this I want to give a sincere word of thanks to The Magic Anatomy Book that planted the seeds of my love for medicine back when I was about seven. This book made me so fascinated with the beautiful world of human anatomy, that I aced my anatomy section of high school biology without much need of a boring required textbook.

Skeleton Keys hold quite a lot of mystique. Movies have done much to drive home the idea that these keys could open any door. And this is true of actual skeleton keys. Though they generally hold a similar shape in our collective unconscious, an actual skeleton key can be of any shape, including modern renditions of keys. That said, in magickal practices the symbolism of a skeleton key exists ...
