The SL-1, or Stationary Low-Power Reactor Number One, was a United States Army experimental nuclear power reactor in the United States which underwent a steam explosion and meltdown on January 3, 1961, killing its three operators. The direct cause was the improper withdrawal of the central control rod, responsible for absorbing neutrons in the reactor core.

It seems that people are having a hard time understanding how the deception works when it comes to jews and their agents. Especially when people have been getting their information from these jews and jewish agents for such a long time, they come to a website like mine with a warped mentality, not unlike that of a child who is unable to discern fact from fiction.
