Alaska Department of Fish and Game. The means and routes by which invasive species are imported or introduced into new environments are called pathways, or vectors.

Invasive Species - Methods of Introduction, Alaska

BACKGROUND. Alaska is like no other place. It has more mountains, glaciers, and wildlife than just about anywhere else in the world. Alaska is a popular destination, and while the industry saw a decrease in visitors 2009-10, due to cruise ship redeployments, tourism business are hopeful new policy changes will continue to reverse the decline and bring more people than ever back to Alaska.
