The volume presents some of the most stimulating contributions to the study of the [End Page 751] immrama: those four early Irish narratives interconnected by common themes (the travel from island to island), common motifs (e.g., that of the latecomers, the supernumeraries), common narrative structures, and a pervasive Christian peregrinatio ideal (pilgrimage overseas). And yet, each work carries its own distinct character, as well as its own philological problems.
