Framework on integrated people-centred health services. Approximately half the world's population lacks access to essential health care. Longer lifespans and the growing burden of long-term chronic conditions requiring complex interventions over many years are also changing the demands on health systems.

WHO | Framework on integrated people-centred health services

The Social Protection Strategic Framework makes the case for investing in social protection for children, and demonstrates how social protection is a cross-cutting tool with the potential to complement investments across sectors, resulting in more equitable outcomes.

Integrated Social Protection Systems - UNICEF

The Framework on integrated people-centred health services represents a call for a fundamental shift in the way health services are funded, managed and delivered. This is urgently needed to meet the challenges being faced nowadays by health systems around the world. The fact that people are living longer, along with the burden of treating long-term chronic conditions and preventable illnesses ...
