Sociology is the scientific study of society, patterns of social relationships, social interaction, and culture of everyday life. It is a social science that uses various methods of empirical investigation and critical analysis to develop a body of knowledge about social order, acceptance, and change or social evolution. Many sociologists aim to conduct research that may be applied directly to ...

In the USA up to 4 in ten adults use 'some form' of alternative therapy 1. In Britain there are about 150 000 alternative therapists, and the public spend about Â£4.5 billion on them (as of year 2009) 2. In nearly all practices, they work due to the psychology surrounding 'treatment' (the placebo effect and statistical regression) rather than the actual result of the treatment.
