International Journal of Radiation Oncology & Biology & Physics (IJROBP), known in the field as the Red Journal, publishes original laboratory and clinical investigations related to radiation oncology, radiation biology, medical physics, and both education and health policy as it relates to the field. This journal has a particular interest in original contributions of the following types ...

International Journal of Radiation OncologyBiology***

x In this study, we investigated the efficacy and safety of I-125 seed implantation for the treatment of recurrent head and neck cancer after EBRT. The results indicated I-125 seed implantation is an acceptable salvage therapy, with 1-year local control rate of 40.6% and 5-year local control rate of 26.6%.

International Journal of Radiation Oncology •

IPEM's aim is to promote the advancement of physics and engineering applied to medicine and biology for the public benefit. Its members are professionals working in healthcare, education, industry and research. IPEM publishes scientific journals and books and organises conferences to disseminate ...

Physics in Medicine & Biology - IOPscience

The Current Opinion journals were developed out of the recognition that it is increasingly difficult for specialists to keep up to date with the expanding volume of information published in their subject. In Current Opinion in Plant Biology, we help the reader by providing in a systematic manner:. 1. The views of experts on current advances in plant biology in a clear and readable form.

Overview of JBC's publication process. For initial submission, authors should prepare their manuscript as a single PDF file. At this stage, the primary goal is for the manuscript to contain the necessary information to enable a full scientific assessment, so while all sections of the manuscript need to be present, references need to be complete, and figures and tables need to be clearly ...

Instructions for Authors - jbc.org

Ketones are among the few compounds at the core of organic synthesis, given their capacity for conversion into a myriad of synthetically useful compounds.

The Journal of Organic Chemistry (ACS Publications)

Curcumin is a constituent (up to ~15%) of the traditional medicine known as turmeric. Interest in the therapeutic use of turmeric and the relative ease of isolation of curcuminoids has led to their extensive investigation. Curcumin has recently been classified as both a PAINS (pan-assay interference compounds) and an IMPS (invalid metabolic panaceas) candidate.

The Essential Medicinal Chemistry of Curcumin - Journal of

Works of art and science that achieve masterpiece status share several characteristics: they convey a special type of originality that captures the imagination, they stand the test of time, and they change the way artists or scientists think about their field.

Issue: Cell

Chemical biology is a scientific discipline spanning the fields of chemistry and biology. The discipline involves the application of chemical techniques, analysis, and often small molecules produced through synthetic chemistry, to the study and manipulation of biological systems. In contrast to biochemistry, which involves the study of the chemistry of biomolecules and regulation of biochemical ...

Education Sciences (ISSN 2227-7102) is an international peer-reviewed open access journal published quarterly online by MDPI.. Open Access - free for readers, with article processing charges (APC) paid by authors or their institutions.; High visibility: Covered in the Emerging Sources Citation Index (ESCI) - Web of Science and ERIH Plus, as well as ERIC (Institute of Education Sciences).

Education Sciences | An Open Access Journal from MDPI

Biology is the natural science that studies life and living organisms, including their physical structure, chemical processes, molecular interactions, physiological mechanisms, development and evolution. Despite the complexity of the science, there are certain unifying concepts that consolidate it into a single, coherent field. Biology recognizes the cell as the basic unit of life, genes as ...
