About this site. Do you have students who need more practice with their math skills, but you don't want to give them the same worksheet over and over again?

### **The Math Worksheet Site.com**

The history of mathematics can be seen as an ever-increasing series of abstractions. The first abstraction, which is shared by many animals, was probably that of numbers: the realization that a collection of two apples and a collection of two oranges (for example) have something in common, namely quantity of their members. As evidenced by tallies found on bone, in addition to recognizing how to ...
