

ocr june 2013 history pdf

Optical character recognition (also optical character reader, OCR) is the mechanical or electronic conversion of images of typed, handwritten or printed text into machine-encoded text, whether from a scanned document, a photo of a document, a scene-photo (for example the text on signs and billboards in a landscape photo) or from subtitle text superimposed on an image (for example from a ...

Optical character recognition - Wikipedia

This specification gives students the opportunity to study elements of the language, literature and culture of the Roman world. With the opportunity to be more flexible, you can choose to take a linear or staged approach to assessment and new to this specification is the short course - available for students with less time and still allowing them to achieve a qualification.

GCSE - Latin - J281, J081 (from 2012) - OCR

The great thing about this qualification is that it gives learners a more in-depth look into how business works. Additionally, this employs an analytical, evaluative and investigative approach.

GCSE - Business Studies - J253 (from 2012) - OCR
