Education reform in the United States since the 1980s has been largely driven by the setting of academic standards for what students should know and be able to do. These standards can then be used to guide all other system components. The SBE (standards-based education) reform movement calls for clear, measurable standards for all school students. . Rather than norm-referenced rankings, a ...

A medical scribe is a person, or paraprofessional, who specializes in charting physician-patient encounters in real time, such as during medical examinations. Depending on which area of practice the scribe works in, the position may also be called clinical scribe, ER scribe or ED scribe (in the emergency department), or just scribe (when the context is implicit).
