This very long post is intended to replace the previous one on transference disasters and give patients and therapists a sense of how attachment to one's therapist can come about and what to expect.

### **Attachment to Therapist: A Primer - Integrative Psychotherapy**

Occupational therapy (OT) is the use of assessment and intervention to develop, recover, or maintain the meaningful activities, or occupations, of individuals, groups, or communities. It is an allied health profession performed by occupational therapists and Occupational Therapy Assistants. OTs often work with people with mental health problems, disabilities, injuries, or impairments.

The history of Canadian women covers half the population, but until recent years only comprised a tiny fraction of the historiography. The history of women in Canada is influenced by many events, notably major events of the 20th century such as the Persons Case, brought by five women - The Famous Five - in 1927 and decided in 1929.
